Job Title: Manager of Financial Reporting and Taxation Finance

Reports to: Director of Financial Reporting and Taxation

Location: Concord, ON

Job Summary:

Reporting to the Director of Financial Reporting and Taxation, the Manager of Financial Reporting and Taxation will play an important role in the continued improvement of the taxation function within the corporate finance team at the head office of a successful Canadian public company. The candidate will be a part of an exciting entrepreneurial environment that has enjoyed continual change and completed 10 acquisitions in the last 7 years. This position will enable the candidate to work in an unstructured environment with ever changing challenges and opportunities.

Duties & Responsibilities:

- Coordination of world-wide tax audit, troubleshooting with tax audit issues, and transfer pricing requirements.
- Involvement with corporate tax compliance and tax provisioning according to GAAP.
- Integration and consolidation of new acquisitions.
- Accountable for developing, implementing and managing the taxation accounting function.
- Specific accountabilities will include developing, recommending, implementing and maintaining appropriate tax policies, processes and practices as well as identifying opportunities for continuous improvement.
- Interact regularly with external auditors and managing audits by Canadian federal, provincial tax authorities for income, commodity, sales taxes, taxable benefits
- Other duties include reviewing and interpreting tax laws and assessing implications for the company.
- Additional special finance and taxation projects as required

Education and Experience:

- A designated accounting professional (CA, CGA or CMA) with 2 or more years of work experience with a sound working knowledge of corporate tax.
- Strong computer skills and experience with computerized financial reporting system and analytical tools including: Advanced Excel, Microsoft Office, JD Edwards and Hyperion
- Ability to work under pressure in a fast-paced environment and meet deadlines
- Industry experience with consolidation & external reporting, would be an advantage
- Highest standards of integrity and accuracy
- Excellent communication & interpersonal skills
- Ability to effectively interact with a diverse group of consultants and internal associates including senior members of the corporate office
- Knowledge of the following software: Taxprep, Tax profile, CCH.
